

GeeseMed Problems/Dx Manual-2018

Change Summary: V.7.0.0

- Added Functionality with Snomed Search.

PROBLEMS/Dx

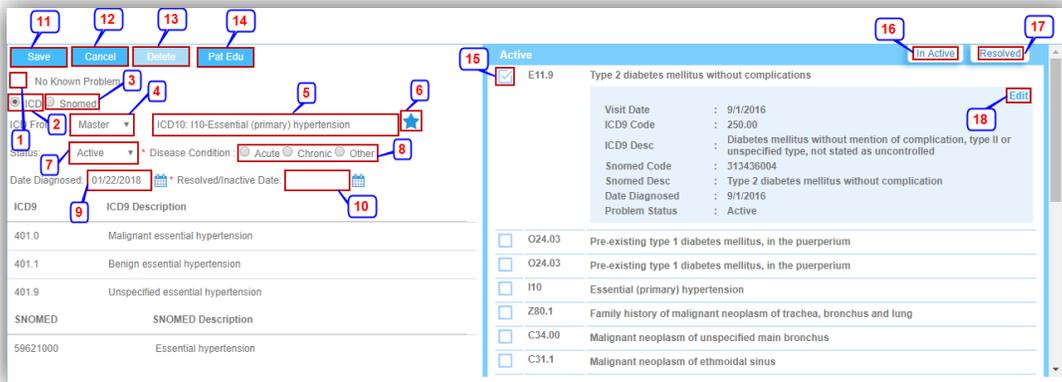

- Contains information related to a given problem and diagnosis of a client, hospital and patient.
- There are two ways to open Problems/Dx:
 1. Path: **“Patient Hub>>Problems/DX” [Select Patient First]**

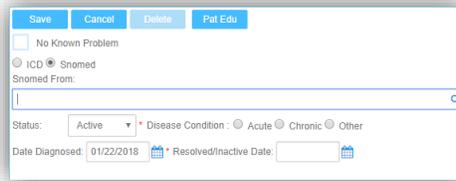

2. Path: **“Patient Hub>>Patient Chart>>Prob.List>>Add/Edit” [Select Patient First]**

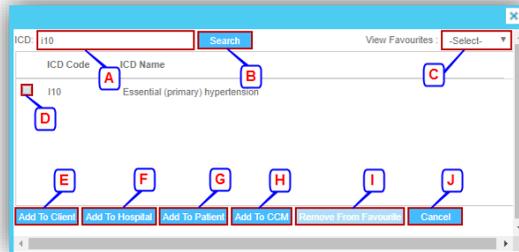

- After clicking on Problem List or Add/Edit you will get below screen

1. Click the checkbox if there are no known problems.
 2. Select the radio button if you want to add ICD for the Patient.
 3. Select the radio button if you want to add Snomed Code for the Patient as below
- Note:** It will allow us to add if it is associated with ICD-10.

4. Using the dropdown, select the database you wish to use for the ICD search.
5. Search and Select the appropriate ICD Code.
6. Selecting the Favorites ★ icon to search or add frequently used ICD codes, opens the screen shown below:

- A. Enter the initials of the ICD you want to search.
- B. Click on **'Search'**
- C. Select the Favourite option from the dropdown menu.
- D. Select the checkbox to select the ICD.
- E. Click on **'Add to Client'** to add ICD as Client favorite.
- F. Click on **'Add to Hospital'** to add ICD as Hospital favorite.
- G. Click on **'Add to Patient'** to add ICD as Patient favorite.
- H. Click on **'Add to CCM'** to add ICD in CCM.
- I. Click on **'Remove from Favorite'** to remove ICD from specific favorite.
- J. Click on **'Cancel'** to cancel the details.
7. Select the Status of the ICD from the dropdown menu.
8. Select the Disease Condition from the radio button.
9. Select the Date Diagnosed.
10. Select the Resolved/Inactive Date.
11. Click on **'Save'** to save the ICD.
12. Click on **'Cancel'** to cancel the ICD.
13. Click on **'Delete'** to delete the ICD.
14. Click on **'Pat Edu'** and you can get information regarding ICD's.
15. Click on the checkbox to select the ICD.
16. Click on **'In Active'** to view inactive ICD records.
17. Click on **'Resolved'** to view the resolved ICD records.
18. Click on **'Edit'** to edit the details of the ICD.

Note: If ICD is used in Signed-Off Chart then it will not allow us to add.
